SKETCH, made-up numbers: does the cipher side generalise to held-out keys as copy does?
rival a (made up): only copy generalises
rival b (made up): the letter map is a rule
copy at 15x minus the 0.3 gap
copy at 15x minus the 0.3 gap
5x the floor
15x the floor
5x the floor
15x the floor
